For small business customers

We will handle your complaint fairly, efficiently and in confidence.

To get a copy of 'Steps to resolve your complaint' in braille or large print call us on **0345 055 0065**. We can also provide a telephone translation service.

**We may record phone calls from time to time to help improve the quality of our service.**

## What counts as a complaint?

A complaint is any contact from, or on behalf of, a customer or potential customer who is not satisfied with any part of our service.

We will not respond to mass lobbying campaigns as it affects the overall service our customers expect from us.

## Resolving your complaint

We're sorry if you're dissatisfied with our service and we'd like to put it right.

Our customer care team are here to put things right for you straight away. If they can't, they'll connect you with a Resolution Manager, who will look after you until everything is sorted. Your Resolution Manager will let you know how long it should take to resolve your complaint and will agree how and when you would like to be updated to make things as easy as possible for you.

The resolution of your complaint might include actions to put our mistake right, an apology, explanation or compensation.

If we've not resolved your complaint within 8 weeks, we'll write to you. You can then pass your complaint to Ombudsman Services: Energy.

## Reviewing your complaint

If you're not satisfied with how we've dealt with things, we'll carry out an internal review of your case. We'll let you know what the outcome of the review is and the reasons for our decision. If we agree to carry out actions following the review, we'll let you know how long it could take.
