

Terms and Conditions for E.ON Fixed 1 Year

1 Your Energy Contract

Your Energy Contract is with E.ON Energy Solutions Limited. We will supply you with Energy in accordance with these Terms and Conditions.

Your Contract is made up of these Terms and Conditions and 'Your details' shown overleaf provides the details of your plan. If your Contract with us is with more than one person, each person will be jointly and severally liable for any money owed to us. This means we will be entitled to claim all of the money owed from any person.

2 Meter readings

If we do not have a customer or actual meter reading, we will estimate your bill based on your previous usage. If this is not available we will use industry averages to estimate your energy usage.

We will use meter readings as proof of your energy usage unless your meter is found to be faulty.

Either of us can arrange for the meter to be tested. If you ask for a test by an independent meter examiner you must pay for the test in advance. If the meter is found to be accurate, the charges will not be refunded.

If you have a Smart meter we will get your readings from your meter remotely which includes obtaining half hourly readings unless you have agreed otherwise with us. If you do not want us to obtain your half hourly readings; please contact us on 0345 366 5973.

We will ensure where possible your meter is read every two years.

3 Statements and billing

You will receive bills, or if you pay by monthly Direct Debit you will receive statements, from us detailing your energy usage approximately every three months unless:

- we tell you otherwise:
- you have a prepayment meter, in which case we will send you a statement at least annually with details of your energy usage.

We will calculate the number of kilowatt hours you use in accordance with the Gas Act 1986.

4 Payment

You agree to pay us as set out in your payments detailed overleaf unless otherwise agreed.

If we need to split an account for more than one service or multiple premises we will allocate the payment accordingly.

If you dispute a bill or statement please contact us immediately. We will work with you to resolve the issue.

You must pay or arrange to pay any undisputed amount.

If you do not pay promptly as agreed we may:

- ask you to pay by another method;
- remove your discount;

- ask you for a security deposit;
- change the frequency that we send you bills;
- fit or activate a prepayment meter to recover any money you owe us for energy (this may mean you pay more for the energy you use);
- request a guarantor;
- disconnect your energy supply.

We may charge you for any reasonable costs we incur as a result of your late payment, recovering money you owe to us, any damage to our equipment or equipment provided by your network operator or you having asked us or our agents to visit your premises unnecessarily.

If you pay by monthly Direct Debit we may amend your payment amount if your usage varies, you switch plans, you have an outstanding balance or there is a price change. We will contact you as required in the Direct Debit Guarantee.

5 Changes to prices or this contract

We may change your prices and/or discounts (unless plan-specific additional Terms and Conditions apply) or other terms of this contract. If we make changes to your significant disadvantage, we will notify you at least 30 days in advance of when they will take effect. If you do not accept the changes, you can end this contract however you must tell us on or before the date the changes are due to take effect and arrange to switch to a different supplier. If you do this, the changes will not affect you unless we don't hear from your new supplier about the switch within 15 working days and your transfer to the new supplier has not been completed within a reasonable time. In that case we reserve the right to implement the new terms. If you have an outstanding debt with us then you'll need to pay this before you can switch supplier or we may object to the transfer taking place. You have 30 working days to clear the debt from when we object and for the price increase not to take effect.

6 Ending this contract and switching supplier

If you have recently asked to switch your energy supply to us, you have 14 days cooling off period from the date you entered into this contract to stop the switch.

If you wish to cancel the contract after this date, the contract will end when your transfer to another energy supplier is complete.

Your switch should be completed no more than 21 days from the day after your cooling off period ends unless you've agreed a later date with us, or we are unable to complete your switch due to circumstances beyond our control.

You must pay the balance of your final bill in full. If you have not paid an outstanding energy balance, we may stop you switching that energy supply to another supplier. This contract will end if Ofgem nominates another supplier to provide energy to the premises.

7 Credit Reference Agencies

We will check our own records and those of a Credit Reference Agent (CRA) to make a decision about the plans and services we offer you. CRA data will include public, electoral register, shared credit and fraud prevention information. The CRA check will leave a footprint on your file which may be seen by other lenders.

We will share details about your application and how you conduct your account, including payment details with CRAs who will record this information.
